Your Health

Free Oral Health Risk Assessment

Current or former smoker? Lost a tooth? Have diabetes?
You could be at higher risk for periodontal (gum) disease,
tooth decay or even oral cancer. Delta Dental makes it easy to
measure your risk with a quick and easy online self-assessment
at oralhealth.deltadental.com.

What's Your Score?

- If you have ever smoked tobacco or used smokeless tobacco
- If you consume alcohol excessively
- If you have lost teeth not due to an accident
- If you have pain when chewing or sensitivity to hot or cold

*Then it's time to measure your risk for gum disease, tooth decay
and mouth cancer. Don't risk it anymore—know your score!*

Visit deltadentalmn.org/oral-health to take a quick oral health
risk assessment and help your dentist make a long-term plan
for your smile's health.
